## Desire For Impact

It drives everything we do.

We strive for impact in all facets of our work and the way in which we conduct our lives. Life is too short to be mediocre. We have no interest in being mediocre.

As artists we are inspired to design and install something beautiful. As athletes we bring a competitive passion to improve an industry desperately in need of improvement. The outdoor enthusiast in us loves nature - and seeks out practical ways to be better stewards of our environment.

We stay passionately curious. We love learning. We seek out best industry practices. We are committed to the lifelong journey of becoming better humans. We understand we will make mistakes, but are intentional in taking inventory and growing beyond them. In mind, spirit, and body. We are committed to being a positive driving force for good. We work towards becoming the best husbands, fathers, wives, mothers, siblings, friends, salespeople, installers, trainers, mentors, coaches, workers, and artisans we can be. The best version of ourselves. Giving ourselves grace throughout the process; always improving. The other side is growth and more fulfillment than otherwise possible.

We detest complacency.

We will pursue love.

We will take care of our neighbors, our customers, and each other. It is a good way to live. We will invest in our people. Deeply in our teams mental, physical, and spiritual health. When it comes to ensuring excellent service we believe in a simple truth - have excellent people. Our training goes far beyond customer care. Our desire is long term impact on each person that joins the Locke and Ladder team. Their growth is at the core of why we do what we do. And the result is a team that is best equipped to take care of each Locke and Ladder client.

We will do our best to always be kind.

Inherently, a desire for impact demands excellence.

Excellence in team culture, product offerings, installation standards, and homeowner experience. If being or becoming a person of excellence is not important to you, please do not apply to work here. This standard is at the heart and soul of Locke & Ladder.

As such our products are chosen for us. Impact demands quality. Any product we offer must have impact on the homeowners we work with. Better the communities we live in. They must enhance curb appeal with good design and color choice. They must have real impact on our environment. We will offer only those products we believe deliver lasting performance and benefit. We will sell only products we are completely sold on ourselves.

We love sales. We love the challenge. We love the interaction with people. We recognize sales is the engine that drives the world's economy. We sell by listening first. We sell through education. We arm ourselves with extensive industry knowledge. We love the process of helping people make informed decisions. We love doing it better than anyone else. We love being experts in communication and delivery. We take pride in our craft. We love being

experts in pinpointing our clients needs. Concise and effective, with feeling and empathy. We will sell with honor. We detest liars. We have no place for liars in this company. Impact requires integrity. We will speak of integrity only through our actions.

We will give back with intention. Never for optics or public praise. With gratitude, following our hearts.

We persist. Always. With insight.

We like doing hard things. Knowing that difficulty produces growth. We will be a national brand to reckon with and aspire to - as we aspire and stay inspired by so many people who do it well.

We are dreamers. We dream and think big, utilizing all of our imagination and creativity. We are also doers. We recognize the importance of being people who can actually get things done. We take practical determined steps - and make our dreams turn to real life.

We rebel against the old notions of what business should look like. Red tape and cubicles can go the way of the dodo. Hierarchy holding a mirror to merit. Lead from the front. Valuing all as highly as ourselves.

Seeking out fun and adventure. At work. Outside of work. everywhere. Because we want to smile while we live. Work will facilitate play as play informs the work. Our office will not be boring.

WE REFUSE to sacrifice our families for the company or for our careers. Our families take priority always. In the same vein, we will not sacrifice our mental or physical health for money. We take unplugged vacations. When we work, it is focused. And when we play someone else will be there to assist our clients.

By living our ethos we will find fulfillment in the day.

And one day we will reflect on the past. Toast the friendships, celebrate the accomplishments, and marvel at who we became throughout the journey. "Here's to the impact - across lives, in communities, and every vertical we touched. It was a crazy ride...but we built something special."

Sincerely later,

Locke & Ladder

# INSPECTION REPORT

## LIMITED LIFETIME WARRANTY

This is a limited manufacturer's warranty, which, subject to the terms and conditions herein described, Brava Roof Tile (hereinafter "Brava") extends to all original property owners or the first subsequent owner if this warranty was properly transferred for Brava roofing Products regardless of where the owner purchased the Products.

### Limited Lifetime Warranty

Subject to the terms, conditions and limitations set forth below, Brava warrants to the original owner of the property on which the Products are installed, and to any party to whom such owner transfers ownership as permitted herein, for a "Lifetime" period of 50 years from the date of the original purchase of the Products. For this warranty term, Brava guarantees that the Products have been manufactured free from defects that materially affect performance when subjected to normal and proper use and installed according to manufacturers specifications.

### Transferability

This warranty is transferable by the original owner **only once** during the first 25 years. To be a valid transfer: 1) the new Transferee owner shall fill out and mail the Warranty Transfer Form within thirty (30) days of the property transfer on which the Products have been installed.

### Hail Warranty Coverage

Brava's Products are engineered and tested to meet UL 2218 Class IV impact rating. Warranty coverage does not apply to foreign objects as described in the "Limitations" section or hail with a greater diameter than 1 ½" as determined by the National Weather Service. In the event a claim for hail is covered under this warranty, the provisions of the "Remedy" section shall apply.

### High Wind Warranty Coverage

Brava shall have no liability under this Limited Lifetime Warranty for Product damage resulting from or any way related to exposure to winds (i) in excess of 90, 110, or 130 mph depending on actual installation specifications used in the field; (ii) occurring after the first fifteen (15) years following application; or (iii) any time after the Products have been exposed to winds in excess of 90, 110, or 130 mph depending on actual installation specifications used in the field. Refer to installation guidance for standard and high wind installation specifications, requirements, and associated wind speed coverage. In the event a claim for wind is covered under this warranty, the provisions of the "Remedy" section shall apply.

### Color Resistance Warranty Coverage

Brava's Products are engineered to the highest available standards to resist color fading, however, the color of materials subjected to elements of the outdoor environment may weather over time. The degree of weathering depends on several factors specific to the geographic area in which the materials are installed. This warranty shall cover, for any claim that is reported within **ten (10) years** from the date the Products were installed, any fading which is greater than four (4) Hunter units, as determined in accordance with ASTM D2244 and beyond what is typical of roofing materials installed in the geographical location where the Products are installed. In the event the change in color exceeds four (4) Hunter units but does not exceed, in Brava's sole discretion, what is typical for the geographic area, or a claim is made more than ten (10) years from the date the Products were installed, this warranty shall not apply. In the event a claim for fading is covered under this warranty, the provisions of the "Remedy" section shall apply.

### Remedy

Brava assumes the obligation, in its sole discretion, to either: A) provide replacement products and installation costs to repair the affected portions of the roof, or B) refund the original purchase price of the Products, excluding freight and other related costs, or C) any other mutually agreeable resolution. In the event Brava selects Option A, installation costs shall include labor, flashing, metal

work, underlayment, product disposal, and other related costs, provided however, that Brava's obligation to pay said installation costs shall not exceed the prevailing local rates, or \$350 per one hundred square feet, whichever is lower. Furthermore, Brava reserves the right to approve the selection of any contractor enlisted by the Owner to perform the repair work. Notwithstanding the foregoing, one hundred and twenty (120) months from the date of the original purchase of the Products, Brava's sole responsibility shall be the issuance of a refund, which amount shall be a percentage of the original purchase price of the Products, which percentage shall be determined by dividing the number of months remaining in the warranty period by 600. Brava's refund after 120 months from the date of installation specifically excludes installation costs and other related costs. Any claim and/or replacement of Brava products will not extend the warranty period set forth above. Notwithstanding anything herein to the contrary, no benefit under this warranty shall accrue to any owner and Brava shall incur no liability under this warranty unless and until the Products have been paid for in full by the owner or its predecessor in title.

### **Insurable Risks**

Before any coverage shall apply under this warranty, in the event of damage to Products caused by any insurable risk during the warranty period, the owner must first exhaust all efforts to pursue the cost of replacement or repair of all damaged Products through the owner's insurance coverage. Any costs incurred by the owner in excess of the insurance contributed by any source of insurance reimbursements (excluding insurance deductibles), will be reimbursed by Brava only to the extent such costs are otherwise permitted pursuant to this warranty.

### **Customer Responsibilities**

To have a valid warranty, the original owner must complete the attached Warranty Registration Form within thirty (30) days of the completion of installation of the Products. For High Wind Installations, a copy of the High Wind Warranty Compliance Form must be completed and submitted with the registration. For any alleged warranty claims, the warranty claimant must notify Brava in writing within sixty (60) days after discovery of any manufacturing defect or covered damage. The warranty claimant must include proof of purchase (or proof of warranty transfer in accordance with this warranty), and proof of property ownership, along with such notice. Failure to timely notify Brava of any defect or damage shall nullify this warranty.

### **Limitations**

This warranty does not apply to, and Brava shall not be liable for the following:

1. Improper installation or installation not in strict adherence to Brava's written installation instructions and specifications.
2. Damage to the roofing product due to causes beyond normal service and use, including, but not limited to:
  - a. Acts of nature such as, but not limited to, fire, earthquake, flood, lightning, hurricane, tornado, derechos or other casualty.
  - b. Wind velocities greater than 90 mph, 110 mph, or 130 mph depending on actual installation specifications used in the field. Refer to the "High Wind Warranty Compliance Form" for guidance associated with installation specifications and wind speed coverage.
  - c. Impact of foreign objects including damage caused by objects blown onto the roof by wind, i.e., tree branches, hail in greater diameter than 1 1/2" as determined by the National Weather Service.
  - d. Improper storage, handling, or misuse of the Products.
  - e. Vandalism.
  - f. Inadequate ventilation.
3. Damage to the Products caused by alterations made after completion of the application, including, but not limited to, structural changes, equipment installation, painting or the application of cleaning solutions, coatings, solar panels, snow guards, or other modifications.
4. Installation of Products while the Product temperature is less than 32 degrees Fahrenheit.
5. Damage or loss caused by ice backup, ice damming or snow slides.
6. Damage or any failure of materials used as a base or sheathing over which the roof or Products are applied.
7. Damage to the Products caused by movement, structural damage, building defects (including walls, foundations, and roof decks), distortion, cracking or settling of the roof deck caused by the settlement of the building.
8. Discoloration or damage caused by masonry dust, chimney exhaust (including, but not limited to, ash), exposure to chemicals, paints, solvents, or metals including copper, zinc or any other metal that might discolor, shading or sap from trees, bushes, plants or natural vegetation, algae, fungi, insects, animals, lichen or cyan bacteria.
9. Damage to the interior or exterior of the building, including, but not limited to, mold growth.

10. Inadequate roof drainage.
11. Distortion, warping, or damage related to additional or unusual heat sources, including without limitation reflections from windows or metallic surfaces, or heat buildup caused by non-compliance with local building codes covering roof ventilation. Compliant ventilation shall include, at a minimum, compliance with the International Roofing Code (IRC) or International Building Code (IBC).
12. Damage resulting from foot traffic, foreign objects, or from accessing the roof for construction, maintenance, or repair activities involving equipment or features including, without limitation, chimneys, ventilation systems, HVAC systems, satellite dishes, or antennae.
13. Any maintenance, repair, or replacement of the Products not authorized in advance by Brava.
14. Damage caused by, or the cost to repair or replace, products not sold by Brava, including but not limited to metal work and counterflashing.
15. Any other cause not involving inherent manufacturing defects in the materials supplied by Brava.

THIS WARRANTY CONTAINS ALL THE PROVISIONS OF YOUR REMEDIES AND REPLACES ALL OTHER ORAL OR WRITTEN WARRANTIES, LIABILITIES, OR OBLIGATIONS OF BRAVA EXPRESSED OR IMPLIED. THERE ARE NO OTHER WARRANTIES THAT EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF AND BRAVA MAKES NO WARRANTY, EITHER EXPRESSED OR IMPLIED, OR FITNESS FOR PARTICULAR PURPOSE, AND NO WARRANTY SHALL ARISE FROM A COURSE OF DEALING OR USAGE OF TRADE. IN NO EVENT SHALL BRAVA BE LIABLE FOR INCIDENTAL, SPECIAL, COLLATERAL, OR INDIRECT DAMAGES OR FOR DAMAGE TO THE BUILDING, ITS CONTENTS, OR ITS OCCUPANTS, AND CONSEQUENTIAL DAMAGE OF ANY KIND, INCLUDING LOSS OF BUSINESS OR PROFITS AND INABILITY OF OWNER OR ANY OTHER PERSON TO USE THE ROOFING OR RE-INSTALLATION LABOR COSTS. NO FIELD REPRESENTATIVE OR DISTRIBUTOR OF BRAVA IS AUTHORIZED TO MAKE ANY CHANGES OR MODIFICATIONS TO THIS WARRANTY. BRAVA'S LIABILITY IS LIMITED TO THE PROVISIONS OF THIS WARRANTY, WHETHER ANY CLAIMS AGAINST IT ARE BASED UPON STRICT LIABILITY, NEGLIGENCE, BREACH OF WARRANTY, OR ANY OTHER THEORY OR CAUSE OF ACTION.

#### **Replacement Variations**

Brava reserves the right to discontinue or modify any of its roofing products, including the color thereof without notice to the owner and shall not be liable to the owner as a result of any such discontinuation or modification. In addition, Brava shall not be liable in the event the replacement roofing product may vary in color in comparison to the original roofing product as a result of normal weathering or variations in color within a single batch or between batches (including between materials manufactured at different times.) If Brava replaces any roofing product under this warranty, it may substitute the roofing product designed by Brava to be of comparable quality or price range in the event the original roofing product purchased is no longer available.

#### **Terms and Conditions**

The owner's rights under this warranty, and Brava's corresponding liability, are subject to the following terms and conditions;

a) Products have been installed strictly in accordance with Brava's published application instructions; b) the registration certificate must be completed, signed by the installing contractor and returned to Brava within thirty (30) days after the completion of the installation; c) claims under warranty will be honored if submitted by registered or certified mail to Brava Roof Tile, PO Box 484, Washington, IA 52353 within sixty (60) days following the discovery of any defect covered by this warranty, with specific details in writing, and provided Brava or its agent are permitted a commercially reasonable opportunity to examine and analyze the material claimed to be defective. Brava may require the owner to submit, at the owner's expense, a photograph, or a sample of the defective material for analysis; d) an authorized representative of Brava shall approve of such claim in writing.

#### **Eligibility**

THIS WARRANTY, WHICH IS LIMITED AS INDICATED ABOVE, GIVES THE OWNER SPECIFIC LEGAL RIGHTS AND THE OWNER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. This limited warranty will not take effect unless all eligibility requirements have been satisfied, this warranty is registered to the Owner, and the roofing contractor has been paid in full.

#### **Dispute Resolution**

This warranty shall be interpreted and enforced in accordance with the laws of the state of Iowa. Any dispute arising from this warranty shall be resolved in the District Court of Johnson County, Iowa. Owner hereby agrees that it will not contest the jurisdiction of the District Court for Johnson County, Iowa to resolve any dispute related to this warranty.

## ULTRA-CLAD DURAPON70® PVDF 40 YEAR LIMITED WARRANTY

**OWNER:**

**PROJECT NAME:**

**CUSTOMER:**

**CONTRACTOR:**

**INVOICE NO.:**

**DATE WARRANTY BEGINS:**

**PROJECT ADDRESS:**

**OF:**

**OF:**

**DATE:**

**DATE WARRANTY ENDS:**

COATED METALS GROUP (CMG) extends the following limited paint warranty to the OWNER, that subject to the provisions herein, Dura Coat's Durapon70® coating to aluminum coil, G90 HDG steel coil or Zinc-Aluminum Alloy steel coil for building parts shall, for the term as listed below, meet the following standards for the products (COATING) called out in the attached Product Warranty Terms Table (WARRANTY TABLE) for use in coating coils of metal to create pre-painted metal to be fabricated into formed panels for use in cladding of buildings or equipment or as functional or decorative accessories for exterior applications in the United States and Canada. This warranty does not cover corrosion.

### **SECTION A: LIMITED WARRANTY**

CMG warrants that Durapon70® will conform to the performance standards listed below ("Limited Warranty"), with duration from date of installation and measurement standards as called out in the attached WARRANTY TABLE, provided all conditions of this Limited Warranty are met:

- A. COATING will not peel, flake, or otherwise lose adhesion ("Film Integrity") to an extent that is apparent on ordinary outdoor visual observation. NOTE: Slight crazing or cracking may occur on roll-formed edges or break bends at the time of forming and is considered standard – such crazing or cracking shall not constitute a basis for complaint under this Limited Warranty. Further, failure due to substrate issues including, but not limited to corrosion, is not covered by this Limited Warranty. Various metals may react differently under different atmospheric conditions.
- B. COATING will not change color ("Color Fade") more than the level called out in WARRANTY TABLE when measured per ASTM D 2244 on clean surfaces after removing dirt, other surface deposits, and chalk. It is understood that color change may not be uniform if the surfaces are not equally exposed to solar radiation and other elements; and
- C. COATING will not chalk ("Chalk") more than the rating called out in WARRANTY TABLE when measured per ASTM D 4214, Method A.

Certain bright, saturated, non-standard colors are not attainable without using formulations that are more susceptible to the effects of outdoor weathering, and as such will carry reduced warranty coverage. CMG will inform you in writing at the time of color matching if the color is subject to reduced warranty coverage.

### **SECTION B: REMEDY**

If the DURA COAT DURAPON70® fails to comply with the Limited Warranty, CMG, at our option, will refinish; replace, including installation cost; or refund the original unit purchase price (appropriate documentation required), for the defective portion of the installation exceeding the conditions described above ("Limited Warranty"). Any refinishing of the defective portion shall be done in accordance with standard industry practice to provide a uniform appearance with the remainder of the installation. Any refund provided in lieu of refinish or replacement will only be paid out upon receipt from OWNER or its customer of a full and final written release of CMG and DURA COAT from any further liability for the affected portion of the field claim. This Warranty will continue to apply to any affected portion that is repainted or replaced under this Limited Warranty, but only for the unexpired portion of the Limited Warranty period applicable to the original coated affected portion.

### **SECTION C: LIMITED WARRANTY EXCLUSIONS**

CMG cannot and does not control the circumstances of application of COATING. Therefore, this Limited Warranty only applies when COATING is applied as part of a complete DURA COAT system. A complete DURA COAT system means a DURA COAT topcoat applied onto properly cleaned and pretreated metal (aluminum, Galfan®, Galvalume®, galvanized steel, ZAM®, Zinalume®) which has been primed with an approved DURA COAT primer on both sides of the metal sheet, and which has been coated with an approved DURA COAT backer coating on the reverse side, all per specifications on the DURA COAT Product Data Sheet. CMG does not warrant the use of DURA COAT topcoats with non-DURA COAT coatings or when mixing of different products (e.g., different product codes, different formulations, different qualities, etc.) on the same project when installed in a manner where weathering differences are visually noticeable. Limited Warranty Benefits are only available for complete DURA COAT coatings systems.

We are not responsible and provide no Limited Warranty Benefits for any damage or condition resulting from any of the following circumstances or any other circumstances beyond our control:

- A. Acts of God, falling objects, explosions, fire, external forces, or other such similar or dissimilar circumstances beyond CMG's control;
- B. Harmful fumes or foreign substances in the atmosphere, or salt spray;
- C. Defects in the substrate metal or in its fabrication, or embossing;
- D. Any substrate corrosion or loss of adhesion as a result of contact with or run off from dissimilar metals (copper, lead, stainless steel, etc.), green/pressure-treated lumber, incompatible fasteners and/or wet insulation, substrate fabrication, or embossing processes;
- E. Paint adhesion loss and/or staining as a result of excessive sealant or failure to remove steel debris/iron particles that come in contact with the painted surface;
- F. Failure to properly clean and remove organic debris, including but not limited to tree leaves, tree limbs, pine needles, dirt, fungus, moss;
- G. COATING which has been damaged due to moisture entrapment in coils and/or bundles during transit or storage, or which has been stored or installed in such a way that allows standing water on the coating;
- H. Failures or damage resulting from substrate exposure or corrosion at cut/bare edges or failure of the metal substrate;
- I. Significant differences in insulation below the coated metal surface;

# COATED METALS GROUP

WWW.CMGMETALS.COM

## ULTRA-CLAD DURAPON70® PVDF 40 YEAR LIMITED WARRANTY

### SECTION C: LIMITED WARRANTY EXCLUSIONS - Continued

- J. Development of any other condition between the coating and the substrate which causes the coating to degrade or delaminate, including any failure or deficiency in the cleaning process or pretreatment;
- K. COATING coated material that has been stored/installed in such a way that allows contact with concrete, animals or animal waste, soil, vegetation, or other corrosive materials;
- L. Mishandling of COATING or of any substrate coated with it, including abuse, alteration, modification, perforation, touch-up paint application, improper use, or storage;
- M. Attachment or adhesion of materials or items such as snow guards and solar panels to the coating;
- N. Use of any bleach-based cleaners;
- O. Any condition which occurs in any chemically aggressive environment containing salts, or other chemicals, whether naturally occurring or caused by man, are stored/installed in an environment that includes, but not limited to, a high degree of humidity, sand, dirt, ash, or grease;
- P. Exposure of excess humidity, condensation, frost, mold, mildew, or fungus on product surfaces;
- Q. Where mixing of lots (i.e., different line runs, different batches of COATING) occur on the same building plane (i.e., same door, wall, or roof).

### SECTION D: CUSTOMER'S OBLIGATIONS

To receive Warranty Benefits under this Limited Warranty, CUSTOMER must:

- A. Advise CMG in writing of any claimed violation of this Limited Warranty within thirty (30) days of receiving notice thereof; and
- B. Promptly afford CMG the opportunity to inspect the installation/defective metal parts; and
- C. Provide documentation to CMG as CMG deems necessary to confirm OWNER's complaint, including original owner's proof of purchase, original invoice number, color, gauge, and any other records sufficient for CMG to identify the batch number and application date of the COATING and coating system involved. OWNER must maintain this information for a period of no less than two (2) years beyond the longest period of coverage for COATING and said records shall be available to CMG upon request.
- D. This warranty is valid only after receipt of full payment for all warrantable material.

### SECTION E: EXCLUSION OF OTHER WARRANTIES / LIMITATION OF LIABILITIES

Except for this Limited Warranty, CMG MAKES NO WARRANTIES, EXPRESS OR IMPLIED, ORAL OR WRITTEN, AND DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHER WARRANTY OF QUALITY, OR FREEDOM FROM PATENT INFRINGEMENT. Except as provided in this Limited Warranty, CMG has no other liability with respect to the COATING system, whether based on contract, negligence, strict liability in tort, or otherwise. CMG WILL NOT BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, such as, but not limited to, damage or loss of other property or equipment, loss of profits or revenue, cost of capital, cost of purchase or replacement of other goods, or claims of customers of OWNER for business or service interruptions.

### SECTION F: OTHER TERMS

This is our complete warranty. It is issued only to OWNER and is not assignable to any other party. This Limited Warranty automatically expires upon any change or transfer of ownership of the property on which the metal coated with COATING is originally installed. The rights and obligations of the parties hereunder shall be governed by Wisconsin law.

# TERMS AND CONDITIONS

## TERMS & CONDITIONS

**Binding Contract:** This Estimate is valid for 30 days. During said 30 days the Estimate is subject to change or revocation by Contractor without notice. Except to the extent Contractor exercises its right to change and/or revoke the Estimate, the Estimate shall constitute a binding agreement "Agreement" upon acceptance by Owner(s). The date of such Agreement shall be the date of Owner(s)' acceptance.

**Contractor:** Shall mean Locke & Ladder LLC

**Contract Price:** Shall mean the Estimate Price as adjusted by the net of any written change orders.

**Insurance Supplement:** Any additional funds received from property owners insurance company for general contractor overhead and profit, and/or supplemental cost increases approved by insurance will be paid in full to Locke and Ladder, LLC, in addition to the contract price above.

**Material Delays & Defects:** Locke and Ladder, its employees, or agents assume no responsibility for time and material delays, strikes, acts of God, manufacturing defects, or any other delay in circumstances beyond their control.

**Made-to-Order Goods:** This contract calls for made-to-order goods and thus is not subject to cancellation except subject to Buyer's three (3) day rescission right. Installation is expected to start on or about \_\_\_\_\_ weeks from the contract date and be completed in or about \_\_\_\_\_ weeks from starting date, subject to Items above.

**Material Pricing:** The contract price for this project has been calculated based on the current prices for the component building materials. However, the market for the building materials is considered to be volatile, and sudden price increases could occur. Locke & Ladder will use our best efforts to obtain the lowest possible prices from available building material suppliers. In the event there should be an increase in the prices of the building materials that are purchased after execution of the contract, the Owner agrees to pay the cost increase. Locke & Ladder will notify the Owner of any material increases before a purchase is made.

**Window and Door Installation:** Locke and Ladder is not responsible for removal or replacing any window treatments, furnishings, or hangings in front of windows, doors, or on interior or exterior walls. Owner will be responsible for removing and replacing security systems on doors and windows. Locke and Ladder does not clean windows as part of its installation.

**Closed Walls and Attic Cavity:** Locke and Ladder is not responsible for damages that incur inside a closed wall or attic cavity.

**Payment of Funds and Deposits:** Except as otherwise agreed between Owner(s) and Contractor, Owner(s) agrees to pay Contractor the Contract Price in cash, check, or credit card equivalents, according to the following schedule: Option 1: 50% of the Contract Price down to order materials and schedule work to commence. The remaining balance will be due upon completion of the work. Option 2: 25% prior to ordering materials, 25% upon scheduling work, balance due upon completion. On projects with multiple trades, Locke and Ladder reserves the right to collect final payment for each/any trades that are completed.

**Punch List Items:** Buyer may withhold a reasonable amount "not to exceed 10% of contract price" if after installation there remains corrective work to enhance appearances, or function to the installed product "i.e. punch list items" provided buyer supplies Locke & Ladder with a written list of items known to need attention with completion payment. Under these circumstances, the final payment is due when Locke & Ladder notifies buyer that all noted items have been examined and action taken necessary to correct any defects in the product or the installation workmanship has

I acknowledge that I have read and understand this page. Initials: \_\_\_\_\_

been completed.

**Late Payment / Service Charge:** The final balance of the project is due NET 15 days following the date Contractor notifies Owner of completion of the project. Owner agrees to pay in full at the time of completion of each contract. Should default be made in payment under this contract, charges shall be added from the date thereof at a rate of one and one half percent (1 1/2%) per month (18% per annum) with a minimum charge of \$2.00 per month, and if placed in the hand of an attorney for collection, all attorney's fees and legal filing fees and expenses shall be paid by Owner accepting this contract.

**Photo/Video Release:** The Homeowner consent's to the use of photograph(s) of the property by Locke and Ladder for promotional and advertising purposes. The Homeowner waives all rights and fees for Locke and Ladder to use said photo(s) for ads, brochures, website or any other promotional use. The homeowner also understands that there is no limitation in terms of time for Locke and Ladder to use photo(s). This agreement extends to photographs of buildings, property and people as applicable.

It is agreed by Locke and Ladder that neither the owner's name nor address will be disclosed in connection with any promotional and advertising purposes unless expressly consented to by the owner

**Defects and Delays:** Owner understands that there may be existing defects which may not be discoverable until work has commenced. Unless specifically included in the work description and specifications, the cost for labor and materials to repair such defects is not included in the Contract Price. Owner(s) and Contractor agree that the cost for labor and materials to repair such defects will be estimated in writing as needed at the time of discovery and, upon written acceptance, the cost for same will be in added to the Contract Price. These defects and other contingencies, including material availability, precipitation, temperature, changes requested by Owner, and any conditions not revealed by Owner may materially affect the approximate completion date of the work and may increase the cost of the work. In such event, Company and Owner may execute a change order to account for additional time or expense related to such contingencies.

**Changes in Agreement:** This Agreement, the work description and specifications, and the Contract Price shall not be modified except by written change order. A change order may be formalized by email correspondence between Contractor and Owner(s).

**Contractor Responsibilities:** Contractor agrees to perform the work description and specifications as outlined in the Estimate and any agreed written changes incorporated into this Agreement in accordance with these terms and specifications for the price listed OR per the insurance scope of loss for full replacement value on the Insurance Scope of Loss Sheet (or similar report) including, but not limited to the award of Contractor's Overhead and Profit as allowed by insurance companies, plus deductible, any upgrades, insurance supplements, and/or mutually agreed upon change orders.

**Work Schedule:** All specifications for the work (shingle style & color, aluminum color, etc.) must be finalized prior to obtaining a final schedule date. Contractor agrees to perform the Work in a good and workmanlike manner with reasonable dispatch in accordance with the specifications contained herein. The Contractor is responsible for establishing scheduling and sequencing of the work to be performed. Reasonable delays include, but are not limited to, weather, non-delivery, discontinuance, default in shipment by a supplier in whole or in part, loss in transit, labor strikes, labor shortages, lockouts or other causes beyond Contractor's control.

**Materials:** Except as otherwise set forth in a writing between Owner(s) and Contractor, Contractor will provide necessary materials to complete the work per the work description and specifications. Contractor shall not be responsible for an exact match of any materials, including but not limited to, roofing, siding, metal work, and shingle shading. Owner understands and acknowledges that unless otherwise agreed to in writing, all materials provided by Contractor are the property of Contractor and any unused materials as of the completion of the work will be retained by Contractor and removed from Owner(s) property.

**Safety:** In order to comply with OSHA regulations regarding mandatory fall protection & safety procedures, safety equipment may be installed prior to work beginning and removed upon project completion. If powerlines are too close to the work area Contractor will contact the power company to, at the power company's discretion, either have the power lines covered with protective equipment or shut off while Contractor is performing work. Any costs and fees associated with power company's services shall be the responsibility of Owner(s). Contractor will endeavor to minimize any charges or inconveniences. Our main concern is the safety of our employees and we will take all/any precautions deemed necessary.

I acknowledge that I have read and understand this page. Initials: \_\_\_\_\_

**Owner Responsibilities:** Owner(s) warrants to Contractor that he/she/they is the legal owner of the property. Owner(s) agrees to provide to Contractor electric power and water for construction purposes at no charge to Contractor. Owner(s) shall make himself/herself available during work for clarification of specifications, approval of additional work and to provide adequate access to the property as may be required. Due to the nature of the construction to be done at Customer's request, the Customer takes sole responsibility for any damage done to curbs, walkways, driveways, structures, septic tanks, HVAC, utility lines, landscaping, appurtenances, person(s) or real or personal property at the job location. Owner(s) acknowledges that the removal of permanently attached building materials often disturbs and vibrates the existing property. The noise, debris, and vibration generated from the work may cause inconvenience to Owner(s) and changes to Owner(s) property including but not limited to: interior wall cracks, flaking of wall paint, debris falling into attic, dust, disturbance to shrubbery and lawns, small divots or ruts in yard from equipment such as Equipter, small divots in the driveway from equipment such as roll-off containers and dump truck. As a precaution, Owner(s) shall remove from walls or ceilings items such as, but not limited to, chandeliers, paintings, pictures and any breakables. Owner(s) shall remove or move at least 10' away from work area any outdoor furniture, grills, planters, etc. Contractor shall not be responsible for any of the aforementioned property damage or for any inconvenience experienced by Owner(s) as a normal consequence of the work. Contractor is not liable for damage to person or property caused by nails, and Customer agrees that it will take the appropriate precautions to avoid said damage. Customer agrees that the contractor shall not be liable for water intrusion that occurs from the date of commencement of roof repairs, remodeling, or other roofing services through the date of completion of such work.

**Locke and Ladder cannot be held liable for any gutter/gutter guard damages that take place during a roof replacement when homeowner chooses to keep pre-existing gutters versus replacing. It is highly likely that if a roof pitch is 8/12 or above that gutters will sustain at least minimal damages.**

**Building Permits:** If permit is required, this will be the Owner(s)' responsibility to obtain from your borough or township.

**Subcontractors and Vendors:** Owner understands Contractor may use subcontractor or independent contractors to perform the agreed upon work, lease or furnish labor, service, material, or equipment to or on our behalf of the Contractor to the Owner's property. Neither Contractor no any subcontractor or supplier may initiate or pursue a claim with your insurance company directly.

**Contractor Workmanship Warranty:** Contractor warrants its workmanship against defects in the workmanship only for the period set forth in this Agreement from the date of completion of the work. However, said warranty shall be null and void under the following circumstances: (1) if Owner(s) fails to pay any sum owed to Contractor under this Agreement and any applicable change orders; (2) if Owner(s) permits any third party to alter or repair any of the work performed by Contractor in any way; (3) if defect is the result of Owner(s) failure to properly maintain and clean gutters at least twice per year; or (4) if defect is the result of Owner(s) failure to provide normal and routine care and maintenance as to the work.

**Material Warranty:** All materials are warranted by the manufacturer. Contractor does not warrant the materials used to complete the Work. Material warranty shall be limited to manufacturer's warranty of materials according to the terms and conditions of said manufacturer warranty. In addition, Contractor does not warrant the material of items such as, but not limited to, caulking materials, sealant, reflective coatings, painted surfaces, metal materials, or the possible failure of these items.

**Limitation of Liability:** Owner(s) acknowledges that at no time shall Contractor's liability exceed the total amount charged for the work performed under this Agreement. Contractor shall not be liable for any defects which are characteristic to the particular materials such as cracks, splits, and shrinkage or warping of wood or lumber, etc.

**Owner Insurance:** Owner(s) agrees to carry homeowner's insurance covering fire, theft, storm, and damage to the property including, but not limited to, landscaping, trees, shrubs, driveways and walkways in sufficient amounts to cover the work and materials under construction by the Contractor and agrees to compensate the Contractor for losses sustained by these conditions. Contractor shall, in amounts and with carriers subject to Contractor's sole discretion, provide workers' compensation and liability coverage for the Work.

**Insurance:** Locke & Ladder shall maintain general liability, workers compensation and builder's risk insurance in accordance with the minimum requirements of the State of Illinois throughout the duration of the Services. Locke & Ladder shall provide Client with proof of insurance upon request of the Client.

I acknowledge that I have read and understand this page. Initials: \_\_\_\_\_

**Survey and Title:** Locke & Ladder shall not. Client will indicate the property lines to Locke & Ladder and will provide boundary stakes by a licensed land surveyor if Client's are in doubt about the property boundaries.

**Escalation clause for Specified Building Materials:** The contract price for this project has been calculated based on the current prices for the component building materials. However, the market for the building materials is considered to be volatile, and sudden price increases could occur. Contractor will use our best efforts to obtain the lowest possible prices from available building material suppliers. In the event there should be an increase in the prices of the building materials that are purchased after execution of the contract, the Owner agrees to pay the cost increase. Contractor will notify the Owner of any material increases before a purchase is made.

**Service Calls:** Service calls requested by the Owner shall be included in the written workmanship warranty only if the call for service is a warranted service call. On service calls where it is deemed by the Contractor to be a non-warranted item, the Owner will be charged for the service call or Work performed at Contractor's established rates.

**HVAC and Plumbing:** Contractor does not change, repair, fix or in any way amend the exhaust pipes or vents associated with the building heating, ventilation, and air conditioning (HVAC) system or plumbing. Therefore, the parties to this Agreement understand and agree that the Contractor is not liable for any damage to health that could result from the improper exhaust or leakage of noxious or toxic gases including but not limited to carbon monoxide fumes.

**S Skylights and Solar Panels:** Contractor is not responsible for any damage on or below the roof due to leaks from skylights unless the Contractor completed the skylight replacement. If there are solar panels on the roof, the Contractor will not be responsible for damage during the repair. The Owner agrees to have a solar panel company take the necessary action to protect the solar panels.

**Water Intrusion and Mold:** The parties of this Agreement recognize and understand that there is a probability of mold damage to the walls associated with water damage from leakage around windows, flashing, and siding to be replaced. Contractor will inform Owner if it believes there is a likelihood of mold, but Contractor does not remediate mold and is not liable for any mold damage, where pre-existing or occurring after the Work of this Contract. The parties also agree that because of the onset of winter, it may be impossible to do all the repair work necessary to completely fix a water intrusion. As a result, the parties agree that it may be prudent to mitigate the water damage with a temporary repair so that the permanent solution can occur later in the Spring following the onset of warmer weather.

**FORCE MAJEURE.** If performance of this Contract or any obligation under this Contract is prevented, restricted, or interfered with by causes beyond either party's reasonable control ("Force Majeure"), and if the party unable to carry out its obligations gives the other party prompt written notice of such event, then the obligations of the party invoking this provision shall be suspended to the extent necessary by such event. The term Force Majeure shall include, without limitation, acts of God, plague, epidemic, pandemic, outbreaks of infectious disease or any other public health crisis, including quarantine or other employee restrictions, fire, explosion, vandalism, storm or other similar occurrence, orders or acts of military or civil authority, or by national emergencies, insurrections, riots, or wars, or strikes, lock-outs, work stoppages, or other labor disputes, or supplier failures. The excused party shall use reasonable efforts under the circumstances to avoid or remove such causes of non-performance and shall proceed to perform with reasonable dispatch whenever such causes are removed or ceased. An act or omission shall be deemed within the reasonable control of a party if committed, omitted, or caused by such party, or its employees, officers, agents, or affiliates.

**ARBITRATION.** Any controversies or disputes arising out of or relating to this Contract shall be resolved by binding arbitration in accordance with the then-current Commercial Arbitration Rules of the American Arbitration Association. The parties shall select a mutually acceptable arbitrator knowledgeable about issues relating to the subject matter of this Contract. In the event the parties are unable to agree to such a selection, each party will select an arbitrator and the two arbitrators in turn shall select a third arbitrator, all three of whom shall preside jointly over the matter. The arbitration shall take place at a location that is reasonably centrally located between the parties, or otherwise mutually agreed upon by the parties. All documents, materials, and information in the possession of each party that are in any way relevant to the dispute shall be made available to the other party for review and copying no later than 30 days after the notice of arbitration is served. The arbitrator(s) shall not have the authority to modify any provision of this Contract or to award punitive damages. The arbitrator(s) shall have the power to issue mandatory orders and restraint orders in connection with the arbitration. The decision rendered by the arbitrator(s) shall be final and binding on the parties, and judgment may be entered in conformity with the decision in any court having jurisdiction. The agreement to arbitration shall be specifically enforceable under the prevailing arbitration law. During the continuance of any arbitration proceeding, the parties shall continue to perform their respective obligations under this Contract.

**ENTIRE AGREEMENT.** This Contract contains the entire agreement of the parties, and there are no other promises or

I acknowledge that I have read and understand this page. Initials: \_\_\_\_\_

conditions in any other agreement whether oral or written concerning the subject matter of this Contract. This Contract supersedes any prior written or oral agreements between the parties.

**SEVERABILITY.** If any provision of this Contract will be held to be invalid or unenforceable for any reason, the remaining provisions will continue to be valid and enforceable. If a court finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision will be deemed to be written, construed, and enforced as so limited.

**AMENDMENT.** This Contract may be modified or amended in writing, if the writing is signed by the party obligated under the amendment.

**GOVERNING LAW.** This Contract shall be construed in accordance with the laws of the State of Illinois.

**AUTHORITY TO CONTRACT.** By signing below, Client represents and warrants that Client is the Owner of the Property and has the authority to sign this Agreement. Locke & Ladder affirms that it is a licensed Illinois roofing Locke & Ladder.

**NOTICE.** Any notice or communication required or permitted under this Contract shall be sufficiently given if delivered in person or by certified mail, return receipt requested, to the address set forth in the opening paragraph or to such other address as one party may have furnished to the other in writing.

**RIGHT TO CANCEL.** Client may cancel this transaction without penalty or obligation by delivering a notice of cancellation to Locke & Ladder by delivering a notice in the form attached as Exhibit B within 3 business days after the date of this contract.

**Mechanics Lien Notice.** In accordance with Illinois 770 ILCS 60/1 et al. Client is notified that persons or companies furnishing labor or material for the improvement of real property may enforce a lien against your property if they are not paid for their services. Client may require lien waivers be required from all suppliers and subcontractor for the work performed.

**Home Repair Consumer Rights Brochure.** Client acknowledges receipt of the "Home Repair: Know Your Consumer Rights" brochure. \_\_\_\_\_ (client initial)

## Customer Comments / Notes

Jay Schommer:

Date:

As you plan for your home repair or improvement project, it is important to ask the right questions in order to protect your investment. The tips in this fact sheet should allow you to protect yourself and minimize the possibility that a misunderstanding may occur.

If you think you have been defrauded by a contractor or have any questions, please bring your concerns to the attention of your state's attorney or the Illinois Attorney General's Office.

## CONTRACT TIPS

1. Get all estimates in writing.
2. Do not be induced into signing a contract by high-pressure sales tactics.
3. Never sign a contract with blank spaces or one you do not fully understand. If you are taking out a loan to finance the work, do not sign the contract before your lender approves the loan.
4. You have three business days from the time you sign your contract to cancel any contract if the sale is made at your home. Homeowners age 65 or older have up to 15 business days if they signed a contract with an uninvited solicitor in the home. The contractor cannot deprive you of this right by initiating work, selling your contract to a lender or any other tactic. If you are planning to file a claim with your insurance company to pay for the work, you may cancel the contract in one of two ways, whichever occurs first: (1) within five business days after receiving written notice from the insurance company denying your claim; or (2) within 30 days after you sent a claim to the insurance company.
5. If the contractor does business under a name other than the contractor's real name, the business must either be incorporated or registered under the Assumed Business Name Act. Check with the Secretary of State to see if the business is incorporated or with the county clerk to see if the business has registered under the Act.
6. Homeowners should check with local and county units of government to determine if permits or inspections are required.
7. Determine whether the contractor will guarantee his or her work and products.
8. Determine whether the contractor has the proper insurance.
9. Do not sign a certificate of completion or make final payment until the work is done to your satisfaction.
10. Ask for lien waivers for any and all subcontractors.

### Protect Yourself with Lien Waivers for all Subcontractors

**Before you pay your contractor**, understand that the Mechanics Lien Act requires that you shall request and the contractor shall give you a signed and notarized written statement (known as a "Sworn Statement") that lists all the persons or companies your contractor hired to work on your home, their addresses along with the amounts about to be paid, and the total amount owed after the payment to those persons or companies.

Suppliers and subcontractors have a right to file a lien against your home if they do not get paid for their labor or materials. To protect yourself against liens, you should demand that your contractor provide you with a Sworn Statement before you pay the contractor.

You should also obtain lien waivers from all contractors and subcontractors if appropriate. You should consult with an attorney to learn more about your rights and obligations under the Mechanics Lien Act.\*

The contents of this paragraph are not substantive enforceable provisions of the Home Repair and Remodeling Act and are not intended to affect the substantive law of the Mechanics Lien Act.

## Consumer Rights Acknowledgement Form

**HOMEOWNER: Keep This Part And The Pamphlet**

I, the homeowner, have received from the contractor a copy of the document titled  
"Home Repair: Know Your Consumer Rights."

Signature (Homeowner) \_\_\_\_\_ Date \_\_\_\_\_

Signature (Contractor or Representative) \_\_\_\_\_ Date \_\_\_\_\_

Name of Contractor's Business \_\_\_\_\_

Address of Contractor's Business \_\_\_\_\_

## Consumer Rights Acknowledgement Form

**CONTRACTOR: Keep This Part Only**

I, the contractor, have given the homeowner a copy of the document titled  
"Home Repair: Know Your Consumer Rights."

Signature (Homeowner) \_\_\_\_\_ Date \_\_\_\_\_

Signature (Contractor or Representative) \_\_\_\_\_ Date \_\_\_\_\_

Name of Contractor's Business \_\_\_\_\_

Address of Contractor's Business \_\_\_\_\_

### BASIC TERMS TO BE INCLUDED IN A CONTRACT

- Contractor's full name, address and telephone number. Illinois law requires that those selling home repair and improvement services provide their customers with notice of any change to their business name or address that comes about prior to the agreed dates for beginning or completing the work.
- Description of the work to be performed.
- Starting and estimated completion dates.
- Total cost of work to be performed.
- Schedule and method of payment, including down payment, subsequent payments and final payment.
- Provision stating the grounds for termination of the contract by either party. However, the homeowner must pay the contractor for work completed. If the contractor fails to commence or complete work within the contracted time period, the homeowner may cancel and may be entitled to a refund of any down payment or other payments made towards the work upon written demand by certified mail.
- Illinois law also requires contractors who offer roofing work to include their Illinois state roofing license name and number on contracts and bids.
- Provision stating the grounds for termination of the

contract if you are notified by your insurer that all or any part of the claim or contract is not a covered loss under the insurance policy, you may cancel the contract by mailing or delivering written notice to (name of contractor) at (address of contractor's place of business) at any time prior to the earlier of midnight on the fifth business day after you have received such notice from your insurer or the thirtieth business day after receipt of a properly executed proof of loss by the insurer from the insured.

If you cancel, any payments made by you under the contract will be returned to you within 10 business days following receipt by the contractor of your cancellation notice. If, however, the contractor has provided any goods or services related to a catastrophe, acknowledged and agreed to by the insured homeowner in writing to be necessary to prevent damage to the premises, the contractor is entitled to the reasonable value of such goods and services.

To file a complaint against a roofing contractor, contact the Illinois Department of Financial and Professional Regulation at 312-814-6910 or file a complaint directly on its website. **Keep a copy of the signed contract in a safe place for reference as needed.**

### AVOIDING HOME REPAIR FRAUD

Please use extreme caution when confronted with the following warning signs of a potential scam:

1. Door-to-door salespeople with no local connections who offer to do home repair work for substantially less than the market price.
2. Solicitations for repair work from a company that lists only a telephone number or a post office box number to contact, particularly if it is an out-of-state company.
3. Contractors who fail to provide references when requested.
4. People who offer to inspect your home for free.
5. Contractors who demand cash payment for a job or ask you to make a check payable to a person other than the owner or company name.
6. Offers from a contractor to drive you to the bank to withdraw funds to pay for the work.
